Our Packages

1. TDT Diagnostic Tool

Benchmark your school against 7 domains of People Powered School Improvement and reveal insights that unlock effective change: Our collaborative and rigorous process uses an evidence-based framework underpinned by practices from the most effective schools. It helps you map your knowledge against anonymous staff survey results, while your expert coach triangulates this with staff interviews and policy reviews.

Following the review, our expert coaches work with you to create a long-term change plan; identifying, implementing and embedding sustainable steps to achieve staff buy-in and to put effective people development at the heart of school improvement.

“Wellacre has used the TDT’s tool to further help develop the school by continually improving the effectiveness of staff professional development.”

Melanie Wicks, Headteacher, Wellacre Academy
