“As Headteacher it has allowed me to improve my understanding of what is required of an effective CPD curriculum for staff in our Academy. Having the SLT lead for CPD alongside me has been really powerful. It allowed us time to reflect together, away from the business of the school day, on a crucial part of our leadership work. It also allowed us to formulate a vision for the future together, which we can now take forwards into the new academic year and grow and develop.”

Simon Eccles, Headteacher, St Mary’s Catholic Academy

“I’m a massive advocate for the associate programme and I’m looking to be able to send some more of our staff on it just so they’re exposed to the brilliance and the research, which is a really important thing. I can’t praise the programme enough!”

**Tom Manthorpe, School Leader:
Teaching, Henry Box School**

“I’m really enjoying the course! It’s so well-designed and I like the way it utilises blended learning and gets us to read and reflect so much before the first session.”

**David Marshall, Thinking School
Coordinator, Notting Hill Prep,**
